# Medicine of Older People

Friday 21 March 2025

9:00 – 17:00

Online or on-demand

## Sessions will focus on:

- Neurology in the older person including updates on management of stroke, dementia and neuropsychiatric presentations of Parkinson's disease.
- Managing patient care as people move between community and hospital settings
- Legal and ethical challenges
- Management of skin problems and eye disease in older people.
- Promoting wellbeing and health in multiprofessional teams.

This symposium will cover topics with recent updates and developments in service delivery and how we can look after ourselves as healthcare providers.

All grades of medical, nursing, allied health professionals and medical students are welcome.

All recordings of talks available to delegates via catch-up for 28 days post-event.

## Call for Abstracts - Doctors in training (resident and non-consultant)

Submissions are invited from doctors in training across all specialties for the Section 4 "Challenging Cases", focussing on a case involving an older adult with frailty. Successful applicants will be invited to present their case as a 15-minute talk. Deadline: Monday, 3 February 2025
