

ROYAL
COLLEGE of
PHYSICIANS of
EDINBURGH

[Book now](#)

Royal College of Physicians of Edinburgh

Respiratory Medicine

Thursday 27 March 2025

9:00 – 16:00

Online or on-demand

Sessions will focus on:

- Lung cancer screening
- Pneumothorax - challenges in management
- Pulmonary embolism, specialist teams
- Assessing acute pneumonitis
- Cough-three ways
- Managing progressive fibrotic interstitial lung disease
- Trainee led case presentations

This event presents the opportunity to interact with colleagues and allied health professionals from across different specialties online, and we look forward to welcoming you to what we expect will be a thought provoking and educational day. This symposium offers delegates updates on a range of topics from influential speakers, who are leading change in the way we deliver care and services.

All grades of medical, nursing, allied health professionals and medical students are welcome.

All recordings of talks available to delegates via catch-up on our Education Portal for 28 days post-event.
